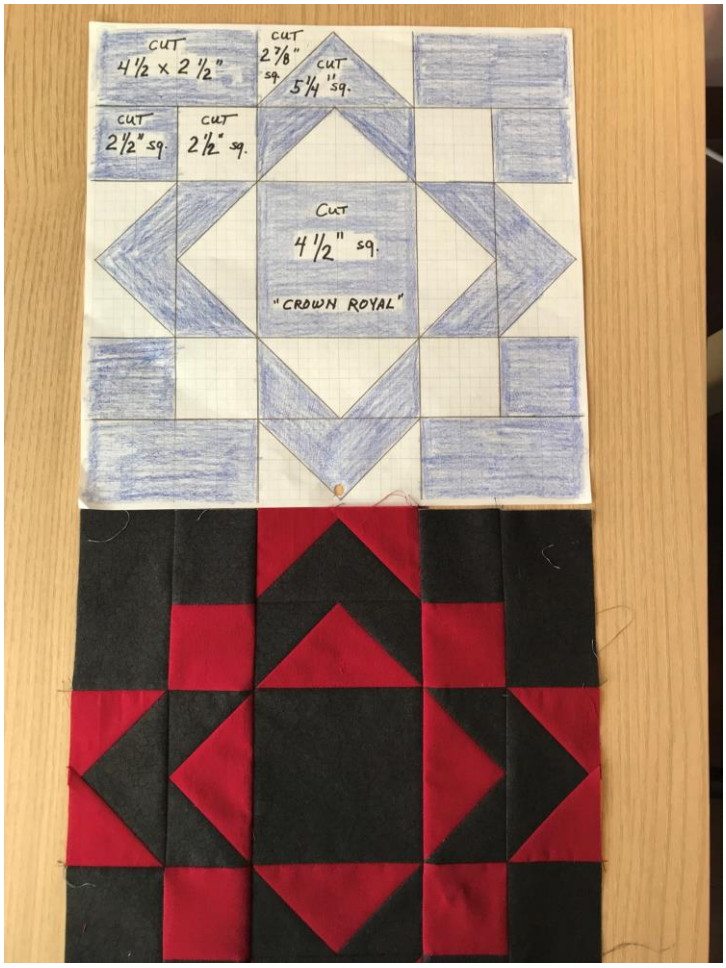
Hello again BOM friends:

I hope to see you all Wednesday, November 17, for our zoom demo of the Crown Royal block. As many of you are aware I accidentally sent the design information for this block last month, so some of you have already jumped ahead to complete it. I hope you had no problems with it and had fun. For those that have not gone ahead, here you go:

You'll need 2 contrasting fabrics; one dark and one light.

For flying geese: 1 of each fabric (for geese) @ 5 1/4" sq.
4 of each fabric (for sky) @ 2 7/8" sq.

4 rectangles of dark fabric @ 4 1/2" x 2 1/2"
4 squares dark fabric @ 2 1/2" sq.
4 squares light fabric @ 2 1/2" sq.
1 square dark fabric @ 4 1/2" sq.


Please be aware that placement of the flying geese is important. I made a booboo on my first block by reversing the position of the flying geese; the block was interesting but not correct; I'll show it to you Wednesday. Below is a photo of the block and the design illustration. See you Wednesday.
