SUPERSTITIONS ASSOCIATED WITH QUILTING

DESIGNS

Tulips = Love

Pineapples = Hospitality

Pomegranate = Abundance

Spider Web = Brings Good Luck

LUCK

If you begin a quilt on a Friday, you will never live to finish it.

Never quilt on a Sunday. It is a day of rest.

If a thread breaks, it will bring bad luck.

NEW QUILTS AND SLEEP

When a quilt is completed, the quilter should sleep with the quilt one night and then give it to the special person for whom it was made.

If you dream while sleeping under a quilt for the first time, the dream will come true.

QUILTS AND ILLNESS

When a person is ill, if they sleep with a quilt that was made for them, all the love from the quilt will heal them.

From the Heart and in Your Service, Deb Cooper

Hollis Chatelaine is coming to Sunbonnet Sue on November 16th-18th. There are a few spaces left on the Waitlist. Hollis had to cancel her west coast trip a few years ago due to a family emergency, so we are excited to have her able to reschedule us. Her workshop includes a trunk show and lecture on Saturday, the 17th at 9:00 at the Grange, which is open to all members. Please check out her gallery at hollisart.com. See Sherry Nagel for details or to sign up.
