

- **Dot and Dash --**

Fabric notes: You may need additional fabric for one-way prints or fussy cutting. The Lap quilt 5 inch squares would be perfect for using a charm pack. Cut the 5 inch squares from eight fat quarters for variety in the twin quilt.

Comfort Quilt – 37 by 47 including borders

1/2 yard each of three fabrics. Cut 3 WOF 5 inch strips from each fabric, then cut:

1 fabric cut to 5 inch squares – 21 total

2 other fabrics cut to 5 by 10 inch rectangles – 22 total (only 21 will be used)

3/4 yard for borders and binding:

Borders cut 4 strips 3 inches wide

Binding cut 5 strips 2-1/2 inches wide

Sew 5 inch square to end of each 5 by 10 inch rectangle. Column A starts with a 5 inch square and fabric 1, followed by 5 inch square and fabric 2, ending with 5 inch square and fabric 1. Column B starts with fabric 2 with its 5 inch square, followed by fabric 1 with its 5 inch square, and ending with fabric 2 with the 5 inch square at the bottom. Alternating these columns across the quilt for 7 columns total. Add borders, quilt, and bind.

Lap Quilt – 48 by 60 including borders

3/4 yard each of three fabrics. Cut 5 WOF 5 inch strips from each fabric, then:

1 fabric cut to 5 inch squares – 40 total

2 other fabrics cut to 5 by 10 inch rectangles – 40 total

1 yard for borders and binding:

Borders cut 6 strips 2-1/2 inches each

Binding cut 6 strips 2-1/2 inches each

Follow same procedure but there are 4 blocks vertically and 10 horizontally.

Twin Quilt – 67 by 84 without borders

1-3/4 yard each of three fabrics initially cut to 12 WOF 5 inch strips each, then cut as above for a total of 90 5-inch squares and 45 each of the 5 by 10 inch rectangles. Construct in same manner with 6 vertical blocks in columns and 15 horizontal columns. You need 2/3 yards for the 8 binding strips.
