

## **Clue #2**

### Step E

Select the following strips:

- 1 strip 5" (**3 ½"**) x WOF **Accent**
- 2 (**1 ½**) strips 3 ¼" (**2 ¼"**) x WOF **Focus**

Subcut **Accent** into 5" x 5" (**3 ½" x 3 ½"**) squares. You need 5 **Accent** squares.

Subcut **Focus** into 3 ¼" x 3 ¼" (**2 ¼" x 2 ¼"**) squares. You need a total of 20 **Focus** squares.

Take remaining **Accent** strip and cut 8 2" (**1 ½"**) squares. Set aside for Clue 5 Step L.

### Step F

Making sure the **Focus** fabric is wrong side up on the corner of the **Accent** fabric, sew along the diagonal. Press open and trim two bottom layers of corner.

Repeat on opposite corner, then do the other two corners. You will notice that the **Accent** square "floats" inside the **Focus** sides. Do not try to force ¼" seams to meet with the points of the **Accent** box!

You will need 5 Square-in-a-Square units in **Focus/Accent**.
