

## TOGGLE – A quilt in three sizes

OMC/Head Start: 36" x 52"

Lap Quilt: 52" x 69"

Twin Quilt: 68" x 84"

### FABRIC REQUIREMENTS

6 Fat Quarters

1/2 yard x width of fabric

Make 6 16-1/2" blocks

12 Fat Quarters

5/8 yard x width of fabric

Make 12 16-1/2" blocks

20 Fat Quarters

5/8 yard x width of fabric\*

Make 20 16-1/2" blocks

### CUTTING

From each fat quarter, first remove the selvages. Cut pieces in the following order:

1 strip 2 1/2" x 16 1/2"

1 strip 6 1/2" x 16 1/2"

1 square 10 1/2" x 10 1/2"

2 rectangles 5 1/2" x 6 1/2"

From WOF yardage cut:

OMC/Head Start: 2 strips 2 1/2" wide subcut into four 16 1/2" border blocks and four cornerstones 2 1/2" square. For binding cut 5 strips 2 1/4" wide.

Lap Quilt: 2 strips 2 1/2" wide subcut into two 16 1/2" border blocks and four cornerstones 2 1/2" square. For binding cut 6 strips 2 1/4" wide.

Twin: Cut 8 binding strips 2 1/4" from WOF yardage. Cut four 2 1/2" cornerstones from extra border blocks.

### ASSEMBLY

Set aside the 2 1/2" border strips. Assemble half the blocks in Block A format and half in Block B format. This is not essential but adds to the variety and ease of assembly. Blocks A and B will be "toggled" to form the body of the quilt.

Orient the finished blocks in any direction that you think is pleasing. Join the blocks. Two by three for the OMC size, three by four for the lap size or four by five for twin size.

Audition the placement of the border strips, matching seams with the blocks. Join the side strips and attach to the sides. Join the top and bottom strips, adding the corner posts. Attach to the top and bottom.
